

Parent Canvas Accounts

In Canvas parents will be enrolled as an Observer in their child(s) course(s).

What can Parents do in a Canvas course?

In Canvas, parents will have limited permission that will allow them to see what is going on in the course without interrupting the flow of daily course communication. Parents will not be able to submit work on behalf of their children, but they can view their grades, upcoming Assignments, read Announcements and Discussion, course Calendar, and interaction in the course.

How do I sign up for a Canvas account as a Parent?

Parents must provide their own personal email address to their children's school (make sure that it's the same address if multiples children as different schools are enrolled). If no email address is on file in the system an account cannot be created.

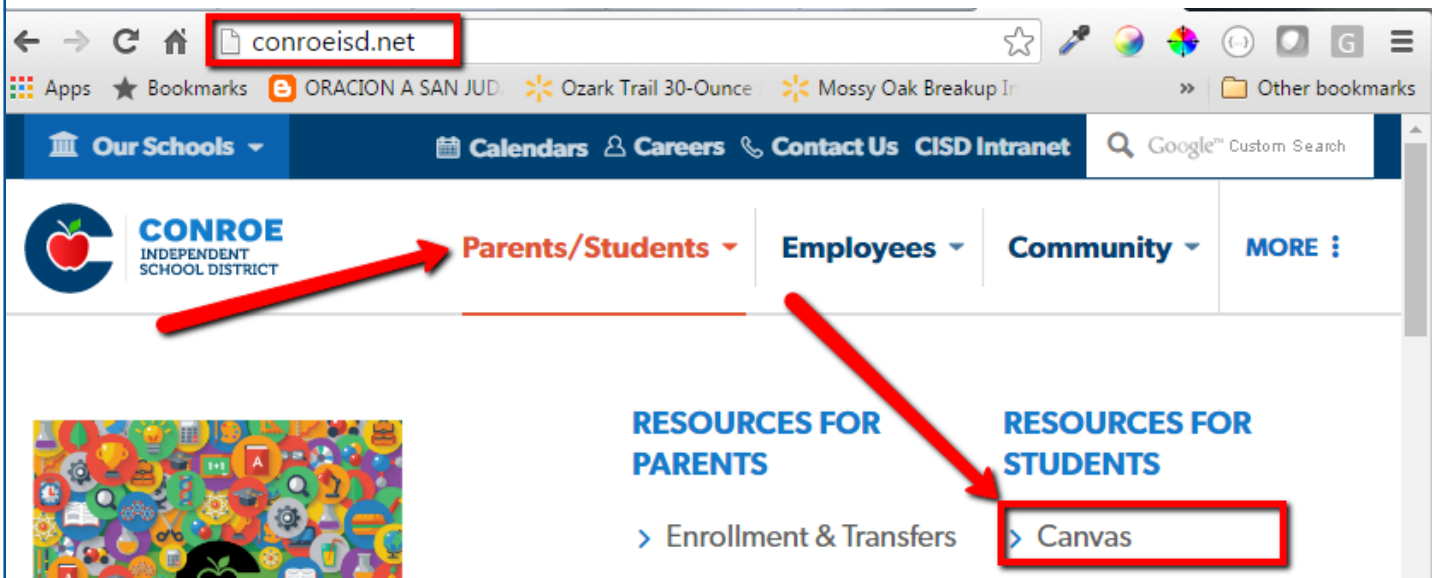

Where do I go to log in?

Canvas works best with Chrome, in the URL address bar type in:

<https://conroeisd.instructure.com>

Or head over to www.conroeisd.net which is the districts main website and click on the "Parent/Students" link

Click on "Canvas" listed under "Resources for Students"

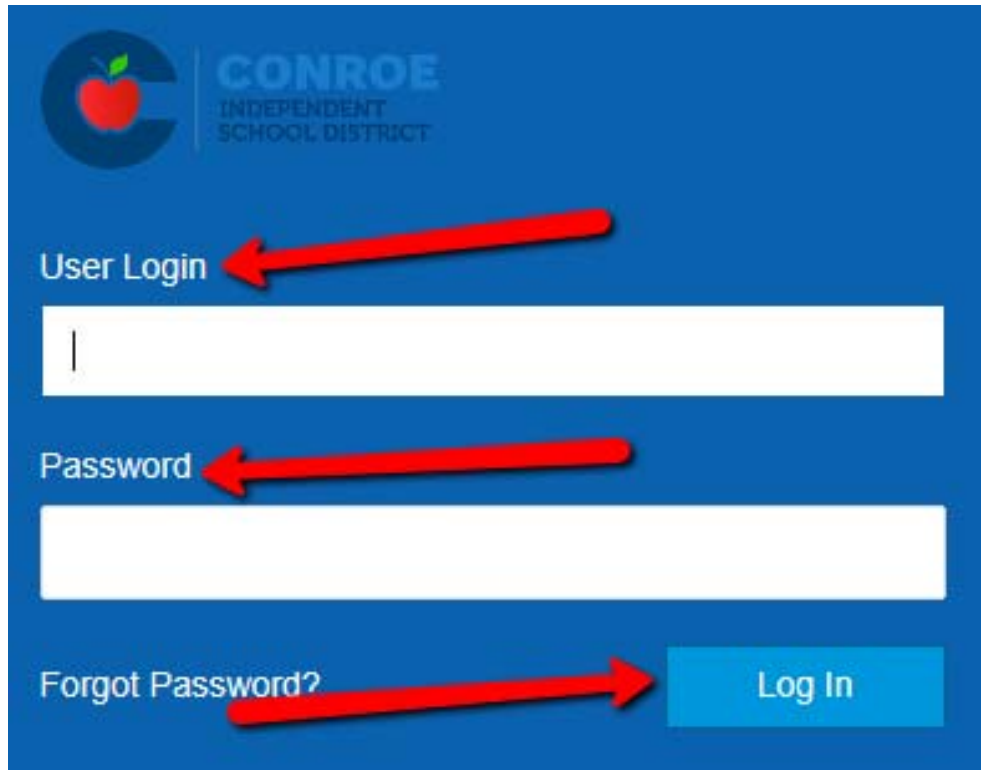

The screenshot shows a web browser window with the URL conroeisd.net in the address bar. The website header includes navigation links: "Our Schools", "Calendars", "Careers", "Contact Us", and "CISD Intranet". The main navigation menu features "Parents/Students", "Employees", "Community", and "MORE :". A red arrow points from the "Parents/Students" link to the "RESOURCES FOR STUDENTS" section. Under "RESOURCES FOR STUDENTS", there are two links: "Enrollment & Transfers" and "Canvas". The "Canvas" link is highlighted with a red box, and another red arrow points from the "Parents/Students" link to it.

Canvas log in screen will display.
