Freshman: What We're Looking For

Baylor is a competitive learning and research environment. So, naturally, we will consider your academic history when reviewing you for admission.

That said, test scores and GPAs are only part of your story. That's why we also review the recommended items you share with us. These include recommendation letters, short answer responses and a resume.

We are looking for students who:

- are excited and motivated about intellectual activity
- want to be part of a community that values faith and personal calling
- have challenged themselves academically and embraced opportunities outside the classroom
- recognize that life, learning and service go hand-in-hand beyond the four years of college

In summary, we are looking for students who can gain the most from a Baylor experience. Students should have a demonstrated interest in becoming a Baylor Bear and be a fit spiritually, academically and financially.

AP Tests

The Advanced Placement (AP) examinations are offered once a year in May by participating high schools that offer college-level courses based on AP course descriptions. Check with your high school for registration deadlines and fees. Reports of AP examination results are mailed by The College Board in mid-July to institutions listed as recipients by students.

Students should list Baylor as the score recipient (Code 6032). If you did not list Baylor as the score recipient, please contact AP to have your scores sent to Baylor -- phone 888-225-5427.

The table below lists the AP exams that have been approved for receiving credit at Baylor. Baylor offers credit as listed below and does not offer "elective" credit for scores below the required score. Note that the number of credit hours for each Baylor course is denoted by the second digit of the course number. Therefore, English 1302 is a 3-hour course, while Biology 1401 is a 4-hour course. Baylor's Credit by Exam policies are available at https://www.baylor.edu/irt/cbe_policies.

If an exam is not listed below, then we do not offer credit for that exam. Baylor does not issue "elective credit" for credit by exam.
