STUDENT - PARENT/GUARDIAN SECTION									
This MEDICAL HISTORY FORM must be completed <i>annually</i> by parent/guardian and student in order for the student to participate in activities. These questions are designed to determine if the student has developed any condition which would make it hazardous to participate in an event. If, between this date and the beginning of participation, any illness or injury should occur that may limit this student's participation, I agree to notify the school authorities of such illness or injury.		f,	12.
